Multi-Content Revisions

Namespacization (T166010)

My Current Annual Plan Goals

- Develop a MediaWiki Roadmap
- Establish on-going channels of communication with third party developers; for example: MediaWiki Stakeholders Group, SMWCon, EMWCon, meza summit, hackathons
- Develop strategy for MediaWiki for third party usage
- Initiate a catalog of Wikimedia software projects frequently used by third parties
- Create and publish a multi-tiered, third-party support level system for Wikimedia software projects frequently used by third parties
